February 7, 2007

We have been a member of the NACM since February 2004. In addition to being a member of the Chemical Industry Credit Group meetings, I have also used the NACM on some of my more difficult collection problems. The forms for submitting a customer for collection are easy to fill out and submit online, via facsimile or by mail. Immediately upon submission I was contacted letting me know how the NACM would proceed to collect my outstanding balance. The staff has always been friendly, courteous and extremely knowledgeable on the collection process. I was given timely updates on the progress of the collection effort. The fees are below the industry standard. They also offer collection aides prior to the final step of turning the customer over for collection.

I would highly recommend the use of the NACM for all your collection problems.

Sincerely,

Mary Rainwater
Credit Manager
